

FOR IMMEDIATE RELEASE

Plexent Ranks in Top Half of *Inc.* Magazine's 2007 Inc. 500 List

Named the 26th fastest-growing company in the IT Services category, Plexent ranks No. 244 on the list of the nation's fastest growing private companies

DALLAS – Aug. 23, 2006 – Plexent, an IT service management company and the leading provider of service management-focused intellectual property, itDNA[®], today announced its inclusion in the 2007 Inc. 500 list of America's fastest-growing private companies.

With three-year revenue growth of more than 950 percent, Plexent is recognized in *Inc.* magazine's 26th annual ranking as one the nation's top 250 fastest-growing companies as the 26th fastest-growing company in the IT Services category.

“Pioneering the growing IT service management space, leveraging our intellectual property, itDNA, and providing customers guaranteed measurable results has fueled Plexent's continued growth since inception,” said Gordon Brown, founder and president of Plexent. “Our success, attributable to our significant number of referrals and repeat customers, is a testament to our team, and the consistent quality and customer satisfaction that has afforded Plexent our place among the coveted ranks of the Inc. 500 list.”

Leveraging itDNA to provide IT service management, consulting, training and development, and business technology services, Plexent has helped Fortune 500 companies, federal and state government agencies, and many other organizations adopt IT service management standards, and apply cost reductions and process optimization to achieve measurable results year after year and avoid millions in unnecessary spend.

Based on ITIL[®], CMMI[®], COBIT[®] and ISO[®] standards, Plexent's itDNA is the only IT service management approach, framework, methodology and knowledge base of its kind.

The 2007 Inc. 500 list and profiles are available in the September issue of *Inc.* and www.inc.com/inc500.

Plexent's intellectual property, growth and success have also been recognized through honors including Ernst & Young Entrepreneur of the Year – Southwest Area Finalist, Dallas 100TM, and Deloitte Titan Fast 50 for multiple years.

About Plexent

Founded in 2001, Plexent is a leading provider of intellectual property, itDNA[®], servicing Fortune 500 companies, medium-sized businesses, government agencies and other organizations. The company's offerings span IT service management; consulting, training and development, intellectual property and business technology services. Plexent has expanded the architecture of the IT Infrastructure Library (ITIL[®]) framework and developed a product, itDNA, which integrates with and expands ITIL, COBIT[®], CMMI[®] and ISO[®] standards. itDNA affords Plexent's customers the capability to lower costs and shorten timeframes related to ITIL, service management, compliance and governance initiatives.
